1 ARTICLE XVIII OF THE GENERAL AGREEMENT OF TARIFFS AND TRADE 1994

1.1 Text of Article XVIII

Article XVIII*

Governmental Assistance to Economic Development

1. The contracting parties recognize that the attainment of the objectives of this Agreement will be facilitated by the progressive development of their economies, particularly of those contracting parties the economies of which can only support low standards of living* and are in the early stages of development.*

2. The contracting parties recognize further that it may be necessary for those contracting parties, in order to implement programmes and policies of economic development designed to raise the general standard of living of their people, to take protective or other measures affecting imports, and that such measures are justified in so far as they facilitate the attainment of the objectives of this Agreement. They agree, therefore, that those contracting parties should enjoy additional facilities to enable them (a) to maintain sufficient flexibility in their tariff structure to be able to grant the tariff protection required for the establishment of a particular industry* and (b) to apply quantitative restrictions for balance of payments purposes in a manner which takes full account of the continued high level of demand for imports likely to be generated by their programmes of economic development.

3. The contracting parties recognize finally that, with those additional facilities which are provided for in Sections A and B of this Article, the provisions of this Agreement would normally be sufficient to enable contracting parties to meet the requirements of their economic development. They agree, however, that there may be circumstances where no measure consistent with those provisions is practicable to permit a contracting party in the process of economic development to grant the governmental assistance required to promote the establishment of particular industries* with a view to raising the general standard of living of its people. Special procedures are laid down in Sections C and D of this Article to deal with those cases.

4. (a) Consequently, a contracting party, the economy of which can only support low standards of living* and is in the early stages of development,* shall be free to deviate temporarily from the provisions of the other Articles of this Agreement, as provided in Sections A, B and C of this Article.

(b) A contracting party, the economy of which is in the process of development, but which does not come within the scope of subparagraph (a) above, may submit applications to the CONTRACTING PARTIES under Section D of this Article.

5. The contracting parties recognize that the export earnings of contracting parties, the economies of which are of the type described in paragraph 4 (a) and (b) above and which depend on exports of a small number of primary commodities, may be seriously reduced by a decline in the sale of such commodities. Accordingly, when the exports of primary commodities by such a contracting party are seriously affected by measures taken by another contracting party, it may have resort to the consultation provisions of Article XXII of this Agreement.

6. The CONTRACTING PARTIES shall review annually all measures applied pursuant to the provisions of Sections C and D of this Article.

Section A

7. (a) If a contracting party coming within the scope of paragraph 4 (a) of this Article considers it desirable, in order to promote the establishment of a particular industry* with a view to raising the general standard of living of its people, to modify or withdraw a concession included in the appropriate Schedule annexed to this Agreement, it shall notify the CONTRACTING PARTIES to this effect and enter into negotiations with any contracting party with which such concession was initially negotiated, and with any other contracting party determined by the CONTRACTING PARTIES to have a substantial interest therein. If agreement is reached between such contracting parties concerned, they shall be free to modify or withdraw concessions under the appropriate Schedules to this Agreement in order to give effect to such agreement, including any compensatory adjustments involved.

(b) If agreement is not reached within sixty days after the notification provided for in subparagraph (a) above, the contracting party which proposes to modify or withdraw the concession may refer the matter to the CONTRACTING PARTIES which shall promptly examine it. If they find that the contracting party which proposes to modify or withdraw the concession has made every effort to reach an agreement and that the compensatory adjustment offered by it is adequate, that contracting party shall be free to modify or withdraw the concession if, at the same time, it gives effect to the compensatory adjustment. If the CONTRACTING PARTIES do not find that the compensation offered by a contracting party proposing to modify or withdraw the concession is adequate, but find that it has made every reasonable effort to offer adequate compensation, that contracting party shall be free to proceed with such modification or withdrawal. If such action is taken, any other contracting party referred to in subparagraph (a) above shall be free to modify or withdraw substantially equivalent concessions initially negotiated with the contracting party which has taken the action.*

Section B

8. The contracting parties recognize that contracting parties coming within the scope of paragraph 4 (a) of this Article tend, when they are in rapid process of development, to experience balance of payments difficulties arising mainly from efforts to expand their internal markets as well as from the instability in their terms of trade.

9. In order to safeguard its external financial position and to ensure a level of reserves adequate for the implementation of its programme of economic development, a contracting party coming within the scope of paragraph 4 (a) of this Article may, subject to the provisions of paragraphs 10 to 12, control the general level of its imports by restricting the quantity or value of merchandise permitted to be imported; *Provided* that the import restrictions instituted, maintained or intensified shall not exceed those necessary:

(a) to forestall the threat of, or to stop, a serious decline in its monetary reserves, or

(b) in the case of a contracting party with inadequate monetary reserves, to achieve a reasonable rate of increase in its reserves.

Due regard shall be paid in either case to any special factors which may be affecting the reserves of the contracting party or its need for reserves, including, where special external credits or other resources are available to it, the need to provide for the appropriate use of such credits or resources.

10. In applying these restrictions, the contracting party may determine their incidence on imports of different products or classes of products in such a way as to give priority to the importation of those products which are more essential in the light of its policy of economic development; *Provided* that the restrictions are so applied as to avoid unnecessary damage to the commercial or economic interests of any other contracting party and not to prevent unreasonably the importation of any description of goods in minimum commercial quantities the exclusion of which would impair regular channels of trade; and *Provided* further that the restrictions are not so applied as to prevent the importation of commercial samples or to prevent compliance with patent, trade mark, copyright or similar procedures.

11. In carrying out its domestic policies, the contracting party concerned shall pay due regard to the need for restoring equilibrium in its balance of payments on a sound and lasting basis and to the desirability of assuring an economic employment of productive resources. It shall progressively relax any restrictions applied under this Section as conditions improve, maintaining them only to the extent necessary under the terms of paragraph 9 of this Article and shall eliminate them when conditions no longer justify such maintenance; *Provided* that no contracting party shall be required to withdraw or modify restrictions on the ground that a change in its development policy would render unnecessary the restrictions which it is applying under this Section.*

12. (a) Any contracting party applying new restrictions or raising the general level of its existing restrictions by a substantial intensification of the measures applied under this Section, shall immediately after instituting or intensifying such restrictions (or, in circumstances in which prior consultation is practicable, before doing so) consult with the CONTRACTING PARTIES as to the nature of its balance of payments difficulties, alternative corrective measures which may be available, and the possible effect of the restrictions on the economies of other contracting parties.

(b) On a date to be determined by them* the CONTRACTING PARTIES shall review all restrictions still applied under this Section on that date. Beginning two years after that date, contracting parties applying restrictions under this Section shall enter into consultations of the type provided for in subparagraph (a) above with the CONTRACTING PARTIES at intervals of approximately, but not less than, two years according to a programme to be drawn up each year by the CONTRACTING PARTIES; *Provided* that no consultation under this subparagraph shall take place within two years after the conclusion of a consultation of a general nature under any other provision of this paragraph.

(c) (i) If, in the course of consultations with a contracting party under subparagraph (a) or (b) of this paragraph, the CONTRACTING PARTIES find that the restrictions are not consistent with the provisions of this Section or with those of Article XIII (subject to the provisions of Article XIV), they shall indicate the nature of the inconsistency and may advise that the restrictions be suitably modified.

(ii) If, however, as a result of the consultations, the CONTRACTING PARTIES determine that the restrictions are being applied in a manner involving an inconsistency of a serious nature with the provisions of this Section or with those of Article XIII (subject to the provisions of Article XIV) and that damage to the trade of any contracting party is caused or threatened thereby, they shall so inform the contracting party applying the restrictions and shall make appropriate recommendations for securing conformity with such provisions within a specified period. If such contracting party does not comply with these recommendations within the specified period, the CONTRACTING PARTIES may release any contracting party the trade of which is adversely affected by the restrictions from such obligations under this Agreement towards the contracting party applying the restrictions as they determine to be appropriate in the circumstances.

(d) The CONTRACTING PARTIES shall invite any contracting party which is applying restrictions under this Section to enter into consultations with them at the request of any contracting party which can establish a *prima facie* case that the restrictions are inconsistent with the provisions of this Section or with those of Article XIII (subject to the provisions of Article XIV) and that its trade is adversely affected thereby. However, no such invitation shall be issued unless the CONTRACTING PARTIES have ascertained that direct discussions between the contracting parties concerned have not been successful. If, as a result of the consultations with the CONTRACTING PARTIES no agreement is reached and they determine that the restrictions are being applied inconsistently with such provisions, and that damage to the trade of the contracting party initiating the procedure is caused or threatened thereby, they shall recommend the withdrawal or modification of the restrictions. If the restrictions are not withdrawn or modified within such time as the CONTRACTING PARTIES may prescribe, they may release the contracting party initiating the procedure from such obligations under this Agreement towards the contracting party applying the restrictions as they determine to be appropriate in the circumstances.

(e) If a contracting party against which action has been taken in accordance with the last sentence of subparagraph (c) (ii) or (d) of this paragraph, finds that the release of obligations authorized by the CONTRACTING PARTIES adversely affects the operation of its programme and policy of economic development, it shall be free, not later than sixty days after such action is taken, to give written notice to the Executive Secretary¹ to the Contracting Parties of its intention to withdraw from this Agreement and such withdrawal shall take effect on the sixtieth day following the day on which the notice is received by him.

(footnote original) ¹ By the Decision of 23 March 1965, the CONTRACTING PARTIES changed the title of the head of the GATT secretariat from "Executive Secretary" to "Director-General".

(f) In proceeding under this paragraph, the CONTRACTING PARTIES shall have due regard to the factors referred to in paragraph 2 of this Article. Determinations under this paragraph shall be rendered expeditiously and, if possible, within sixty days of the initiation of the consultations.

Section C

13. If a contracting party coming within the scope of paragraph 4 (a) of this Article finds that governmental assistance is required to promote the establishment of a particular industry* with a view to raising the general standard of living of its people, but that no measure consistent with the other provisions of this Agreement is practicable to achieve that objective, it may have recourse to the provisions and procedures set out in this Section.*

14. The contracting party concerned shall notify the CONTRACTING PARTIES of the special difficulties which it meets in the achievement of the objective outlined in paragraph 13 of this Article and shall indicate the specific measure affecting imports which it proposes to introduce in order to remedy these difficulties. It shall not introduce that measure before the expiration of the time-limit laid down in paragraph 15 or 17, as the case may be, or if the measure affects imports of a product which is the subject of a concession included in the appropriate Schedule annexed to this Agreement, unless it has secured the concurrence of the CONTRACTING PARTIES in accordance with provisions of paragraph 18; *Provided* that, if the industry receiving assistance has already started production, the contracting party may, after informing the CONTRACTING PARTIES, take such measures as may be necessary to prevent, during that period, imports of the product or products concerned from increasing substantially above a normal level.*

15. If, within thirty days of the notification of the measure, the CONTRACTING PARTIES do not request the contracting party concerned to consult with them,* that contracting party shall be free to deviate from the relevant provisions of the other Articles of this Agreement to the extent necessary to apply the proposed measure.

16. If it is requested by the CONTRACTING PARTIES to do so, *the contracting party concerned shall consult with them as to the purpose of the proposed measure, as to alternative measures which may be available under this Agreement, and as to the possible effect of the measure proposed on the commercial and economic interests of other contracting parties. If, as a result of such consultation, the CONTRACTING PARTIES agree that there is no measure consistent with the other provisions of this Agreement which is practicable in order to achieve the objective outlined in paragraph 13 of this Article, and concur* in the proposed measure, the contracting party concerned shall be released from its obligations under the relevant provisions of the other Articles of this Agreement to the extent necessary to apply that measure.

17. If, within ninety days after the date of the notification of the proposed measure under paragraph 14 of this Article, the CONTRACTING PARTIES have not concurred in such measure, the contracting party concerned may introduce the measure proposed after informing the CONTRACTING PARTIES.

18. If the proposed measure affects a product which is the subject of a concession included in the appropriate Schedule annexed to this Agreement, the contracting party concerned shall enter into consultations with any other contracting party with which the concession was initially negotiated, and with any other contracting party determined by the CONTRACTING

PARTIES to have a substantial interest therein. The CONTRACTING PARTIES shall concur* in the measure if they agree that there is no measure consistent with the other provisions of this Agreement which is practicable in order to achieve the objective set forth in paragraph 13 of this Article, and if they are satisfied:

- (a) that agreement has been reached with such other contracting parties as a result of the consultations referred to above, or
- (b) if no such agreement has been reached within sixty days after the notification provided for in paragraph 14 has been received by the CONTRACTING PARTIES, that the contracting party having recourse to this Section has made all reasonable efforts to reach an agreement and that the interests of other contracting parties are adequately safeguarded.*

The contracting party having recourse to this Section shall thereupon be released from its obligations under the relevant provisions of the other Articles of this Agreement to the extent necessary to permit it to apply the measure.

19. If a proposed measure of the type described in paragraph 13 of this Article concerns an industry the establishment of which has in the initial period been facilitated by incidental protection afforded by restrictions imposed by the contracting party concerned for balance of payments purposes under the relevant provisions of this Agreement, that contracting party may resort to the provisions and procedures of this Section; *Provided* that it shall not apply the proposed measure without the concurrence* of the CONTRACTING PARTIES.*

20. Nothing in the preceding paragraphs of this Section shall authorize any deviation from the provisions of Articles I, II and XIII of this Agreement. The provisos to paragraph 10 of this Article shall also be applicable to any restriction under this Section.

21. At any time while a measure is being applied under paragraph 17 of this Article any contracting party substantially affected by it may suspend the application to the trade of the contracting party having recourse to this Section of such substantially equivalent concessions or other obligations under this Agreement the suspension of which the CONTRACTING PARTIES do not disapprove;* *Provided* that sixty days' notice of such suspension is given to the CONTRACTING PARTIES not later than six months after the measure has been introduced or changed substantially to the detriment of the contracting party affected. Any such contracting party shall afford adequate opportunity for consultation in accordance with the provisions of Article XXII of this Agreement.

Section D

22. A contracting party coming within the scope of subparagraph 4 (b) of this Article desiring, in the interest of the development of its economy, to introduce a measure of the type described in paragraph 13 of this Article in respect of the establishment of a particular industry* may apply to the CONTRACTING PARTIES for approval of such measure. The CONTRACTING PARTIES shall promptly consult with such contracting party and shall, in making their decision, be guided by the considerations set out in paragraph 16. If the CONTRACTING PARTIES concur* in the proposed measure the contracting party concerned shall be released from its obligations under the relevant provisions of the other Articles of this Agreement to the extent necessary to permit it to apply the measure. If the proposed measure affects a product which is the subject of a concession included in the appropriate Schedule annexed to this Agreement, the provisions of paragraph 18 shall apply.*

23. Any measure applied under this Section shall comply with the provisions of paragraph 20 of this Article.

1.2 Text of notes *ad* Article XVIII

Ad Article XVIII

The CONTRACTING PARTIES and the contracting parties concerned shall preserve the utmost secrecy in respect of matters arising under this Article.

Paragraphs 1 and 4

1. When they consider whether the economy of a contracting party "can only support low standards of living", the CONTRACTING PARTIES shall take into consideration the normal position of that economy and shall not base their determination on exceptional circumstances such as those which may result from the temporary existence of exceptionally favourable conditions for the staple export product or products of such contracting party.

2. The phrase "in the early stages of development" is not meant to apply only to contracting parties which have just started their economic development, but also to contracting parties the economies of which are undergoing a process of industrialization to correct an excessive dependence on primary production.

Paragraphs 2, 3, 7, 13 and 22

The reference to the establishment of particular industries shall apply not only to the establishment of a new industry, but also to the establishment of a new branch of production in an existing industry and to the substantial transformation of an existing industry, and to the substantial expansion of an existing industry supplying a relatively small proportion of the domestic demand. It shall also cover the reconstruction of an industry destroyed or substantially damaged as a result of hostilities or natural disasters.

Paragraph 7 (b)

A modification or withdrawal, pursuant to paragraph 7 (b), by a contracting party, other than the applicant contracting party, referred to in paragraph 7 (a), shall be made within six months of the day on which the action is taken by the applicant contracting party, and shall become effective on the thirtieth day following the day on which such modification or withdrawal has been notified to the CONTRACTING PARTIES.

Paragraph 11

The second sentence in paragraph 11 shall not be interpreted to mean that a contracting party is required to relax or remove restrictions if such relaxation or removal would thereupon produce conditions justifying the intensification or institution, respectively, of restrictions under paragraph 9 of Article XVIII.

Paragraph 12 (b)

The date referred to in paragraph 12 (b) shall be the date determined by the CONTRACTING PARTIES in accordance with the provisions of paragraph 4 (b) of Article XII of this Agreement.

Paragraphs 13 and 14

It is recognized that, before deciding on the introduction of a measure and notifying the CONTRACTING PARTIES in accordance with paragraph 14, a contracting party may need a reasonable period of time to assess the competitive position of the industry concerned.

Paragraphs 15 and 16

It is understood that the CONTRACTING PARTIES shall invite a contracting party proposing to apply a measure under Section C to consult with them pursuant to paragraph 16 if they are requested to do so by a contracting party the trade of which would be appreciably affected by the measure in question.

Paragraphs 16, 18, 19 and 22

1. It is understood that the CONTRACTING PARTIES may concur in a proposed measure subject to specific conditions or limitations. If the measure as applied does not conform to the terms of the concurrence it will to that extent be deemed a measure in which the

CONTRACTING PARTIES have not concurred. In cases in which the CONTRACTING PARTIES have concurred in a measure for a specified period, the contracting party concerned, if it finds that the maintenance of the measure for a further period of time is required to achieve the objective for which the measure was originally taken, may apply to the CONTRACTING PARTIES for an extension of that period in accordance with the provisions and procedures of Section C or D, as the case may be.

2. It is expected that the CONTRACTING PARTIES will, as a rule, refrain from concurring in a measure which is likely to cause serious prejudice to exports of a commodity on which the economy of a contracting party is largely dependent.

Paragraphs 18 and 22

The phrase "that the interests of other contracting parties are adequately safeguarded" is meant to provide latitude sufficient to permit consideration in each case of the most appropriate method of safeguarding those interests. The appropriate method may, for instance, take the form of an additional concession to be applied by the contracting party having recourse to Section C or D during such time as the deviation from the other Articles of the Agreement would remain in force or of the temporary suspension by any other contracting party referred to in paragraph 18 of a concession substantially equivalent to the impairment due to the introduction of the measure in question. Such contracting party would have the right to safeguard its interests through such a temporary suspension of a concession; *Provided* that this right will not be exercised when, in the case of a measure imposed by a contracting party coming within the scope of paragraph 4 (a), the CONTRACTING PARTIES have determined that the extent of the compensatory concession proposed was adequate.

Paragraph 19

The provisions of paragraph 19 are intended to cover the cases where an industry has been in existence beyond the "reasonable period of time" referred to in the note to paragraphs 13 and 14, and should not be so construed as to deprive a contracting party coming within the scope of paragraph 4 (a) of Article XVIII, of its right to resort to the other provisions of Section C, including paragraph 17, with regard to a newly established industry even though it has benefited from incidental protection afforded by balance of payments import restrictions.

Paragraph 21

Any measure taken pursuant to the provisions of paragraph 21 shall be withdrawn forthwith if the action taken in accordance with paragraph 17 is withdrawn or if the CONTRACTING PARTIES concur in the measure proposed after the expiration of the ninety-day time limit specified in paragraph 17.

1.3 Article XVIII:C
