forwarded to the delegations having raised the questions, in writing, with copies for information to the Secretariat. The questions and replies thus received would be circulated by the Secretariat."⁵

1.2.2.2 Overlapping or duplication of notifications

4. On the question of possible duplication or overlapping of notifications, i.e. whether import licensing aspects associated with the administration of tariff quotas resulting from tariffication in agriculture should be notified to the Committee on Import Licensing or to the Committee on Agriculture, at its meeting of 12 October 1995 the Committee on Import Licensing agreed that:

"all import licensing procedures, including those dealing with the administration of tariff quotas in agriculture, should be notified to the Committee on Import Licensing. Any problem that might arise relating to duplication or overlapping of notifications, as well as related questions of simplification, could be taken up as necessary, at the appropriate body, i.e. the Working Group on Notification Obligations and Procedures."⁶

5. In its report to the Council for Trade in Goods, dated 21 August 1996, the Working Group on Notification Obligations and Procedures concluded that efforts to remove this possible duplication were not warranted.⁷
