The MFN principle in the GATS

- Any advantage granted to services and service providers of a country must be extended to all WTO Members
 - regardless of the size or level of development
 - Only WTO Members benefit from MFN
- MFN (unconditional obligation) **≠ NT**
 - applies to all Members **in all services** covered by the GATS, irrespective whether commitments have been undertaken
- Wide scope “measures affecting trade in services”
- Applies to both “**de jure**” and “**de facto**” discrimination

Main departures from MFN

Type	Scope	Availability	Main conditions	Duration	GATS provision
Exemptions Article II.2	Measures inconsistent with MFN obligation	One-off : date of entry into force of GATS (<u>or date of accession</u>)	<div style="border: 1px solid red; border-radius: 15px; padding: 5px; display: inline-block;"> No substantive conditions BUT <u>the levels of access provided under specific commitments (MA + NT) must be respected</u> </div>	<i>In principle</i> , should not exceed 10 years	Annex on Article II Exemptions
Economic Integration Agreements (EIAs)	Agreements for further liberalizing trade in services	At any time	<ul style="list-style-type: none"> - Substantial sectoral coverage and absence or elimination of substantially all discrimination. - Not increase overall level of barriers vis-à-vis other Members. 	No time constraints	Art. V
Recognition	Recognition of foreign standards, licences, certificates, degrees	At any time	<ul style="list-style-type: none"> - Afford other Members adequate opportunity to negotiate accession or to demonstrate it should be recognized as well. - Not to constitute a means of discrimination or a disguised restriction on trade. 	No time constraints	Art. VII

Overview MFN exemptions

- There are a **total of 566 exemptions**
- They have been listed by **104 Members** (counting EC as 1), i.e. on average, 5 exemptions per Member
- Developed Members have listed 203 exemptions, i.e. around 8 each on average
- Only about one-third of all **LDCs** has an MFN exemption list

For Acceded Members:

- All but three (Oman, Kyrgyz Republic, Mongolia) of the Members who acceded to the WTO after January 1995 have listed MFN exemptions
- In total, they have listed **192 exemptions**
- All LDC (acceded Members) have listed MFN exemptions

GATS & Transparency:

Articles III and IV:2

“unconditional” obligations applicable to all sectors:

- Publish “all relevant measures of general application which pertain to or affect to operation of this agreement” (Art III:1)
- Response to request for information & establishment of Enquiry Points (for governments)(Art III:4)
- Developed countries: establishment of Contact Points (for suppliers) (Article IV:2)

“Conditional” obligations in scheduled sectors:

- Notification: annual information requirement of new measures which significantly affect trade in services covered by specific commitments

Article VI: Existing regulatory disciplines in the GATS

- (1) Administration of all measures of general application affecting trade in services in a reasonable, objective and impartial manner*
- (3) Rules on authorizations: information on decisions regarding applications for authorization & information on status upon request *
- (6) Adequate procedures to verify the competence of foreign professionals*
- (2) Mechanisms for the objective and impartial review of administrative decisions affecting trade in services, and appropriate remedies

* Rules applicable only in sectors where specific commitments have been undertaken

Competition disciplines

- Monopolies to observe MFN and specific commitments (Article VIII:2)
- Monopolies (and exclusive service suppliers) must not abuse their monopoly position when supplying services in a sector outside the scope of their monopoly rights (Article VIII:2)
- + **telecom Reference paper**
 - Competitive safeguard - avoid abuse of dominance
 - Interconnection - guarantee fairness
 - Regulator - independent of operators
 - Universal service - competition friendly
 - Finite resources - administer fairly (e.g. spectrum, numbering, rights of way)
 - Licensing - added transparency

Payments and Transfers (Article XI)

- No restrictions on transfers and payments for current transactions relating to commitments (except under BoP difficulties)
- No restrictions on capital transactions inconsistently with commitments (except under BoP difficulties or at the request of the IMF)

Transparency – Publication of measures

1. The representative of [X] confirmed that [X] would publish all laws, regulations and other measures of general application pertaining to or affecting trade in services. **[Article III:1]**
2. Publication of such laws, regulations and other measures would include the effective date of these measures and the general scope of services or activities affected. **[Article III:1 -clarification]**
3. He further confirmed that [X] would publish a list of all organizations that were responsible for authorizing, approving or regulating service activities for each service sector. **[DR draft texts]**
4. In addition, [X] would publish in the official journal all of its licensing procedures and conditions upon accession. **[DR draft texts]**
