

# IDA's COVID-19 Response

## Speed, scale and selectivity

BUILDING A RESILIENT AND INCLUSIVE RECOVERY

### How much?

## \$50–55

billion

### Where?

## 70+

poor countries globally that are eligible for IDA financing

About half of them in Africa

The rest are from

- East Asia and Pacific
- Europe and Central Asia
- Latin America and Caribbean
- Middle East and North Africa
- South Asia

## WHAT for?

Helping countries address the crisis and transition to recovery through a combination of:

### Saving Lives

COVID-19 **vaccine** purchase and distribution

**Upgrading** and equipping health care facilities

**Strengthening** capacity of front-line health workers with training and PPEs

### Securing Foundations of the Economy

**Increased** access to financing for small and medium enterprises

Infrastructure and social services **development**

**Addressing** economic and social challenges in conflict and violence situations in the Sahel and Middle East

### Protecting the Poor

**Creating** jobs and economic opportunities for the rural poor

**Improved** targeting and delivery of social assistance

**Water and hygiene** supplies for communities

### Strengthening Policies and Institutions for Resilience

**Reforms** to help economic recovery

Government budget **support** to manage shocks on its finances caused by COVID-19

Establishing epidemic **surveillance** and management systems
