### About this compilation

#### This compilation

This is a compilation of the *Customs (Prohibited Imports) Regulations 1956* that shows the text of the law as amended and in force on 3 March 2015 (the *compilation date*).

This compilation was prepared on 4 March 2015.

The notes at the end of this compilation (the *endnotes*) include information about amending laws and the amendment history of provisions of the compiled law.

#### Uncommenced amendments

The effect of uncommenced amendments is not shown in the text of the compiled law. Any uncommenced amendments affecting the law are accessible on ComLaw ([www.comlaw.gov.au](http://www.comlaw.gov.au)). The details of amendments made up to, but not commenced at, the compilation date are underlined in the endnotes. For more information on any uncommenced amendments, see the series page on ComLaw for the compiled law.

#### Application, saving and transitional provisions for provisions and amendments

If the operation of a provision or amendment of the compiled law is affected by an application, saving or transitional provision that is not included in this compilation, details are included in the endnotes.

#### Modifications

If the compiled law is modified by another law, the compiled law operates as modified but the modification does not amend the text of the law. Accordingly, this compilation does not show the text of the compiled law as modified. For more information on any modifications, see the series page on ComLaw for the compiled law.

#### Self-repealing provisions

If a provision of the compiled law has been repealed in accordance with a provision of the law, details are included in the endnotes.

<b>Description</b> As notified on 2 April 2019 (G/SPS/N/AUS/469/Add.1), only seed lots imported under Phase 3 (PCR) conditions will be permitted entry into Australia. In response to comments from stakeholders and recent test results, Australia has reviewed the previously approved PCR primers and updated the list. This has resulted in the removal of primers used by Li et al. (2018) and the inclusion of a new primer set (effective 7 June 2019). Australia has also finalised its PCR protocol with recommended primers for the detection of ToBRFV, which is now published on the department's website: <a href="http://www.agriculture.gov.au/import/goods/plant-products/seeds-for-sowing/emergency-measures-tobrfv">http://www.agriculture.gov.au/import/goods/plant-products/seeds-for-sowing/emergency-measures-tobrfv</a> . Other PCR primers and protocols will be considered where evidence of efficacy of the test is provided, on a case-by-case basis.

### NOTIFICATION OF EMERGENCY MEASURES

#### Addendum

The following communication, received on 7 June 2019, is being circulated at the request of the Delegation of Australia.

Amendment of Phase 3 emergency measures for imported tomato and capsicum seeds to mitigate the biosecurity risk posed by *Tomato brown rugose fruit virus* (ToBRFV)

As notified on 2 April 2019 (G/SPS/N/AUS/469/Add.1), from 15 April 2019, only seed lots imported under Phase 3 (PCR) conditions will be permitted entry into Australia.

In response to comments from stakeholders and recent test results, Australia has reviewed the previously approved PCR primers and updated the approved list. This has resulted in the removal of primers used by Li et al. (2018) and the inclusion of a new primer set (effective 7 June 2019). Australia has also finalised its PCR protocol with recommended primers for the detection of ToBRFV, which is now published on the department's website: <http://www.agriculture.gov.au/import/goods/plant-products/seeds-for-sowing/emergency-measures-tobrfv>. Other PCR primers and protocols will be considered where evidence of efficacy of the test is provided, on a case-by-case basis.
